PAT	5.02	46.34	-89.17%	41.64	163.13	-74.48%
PAT Margin	**3.19%**	**22.88%**		**17.80%**	**40.93%**	

Key Performance Highlight

Q2 FY27

- Revenue from operations stood at Rs. 155.59 crores in Q2FY27 compared to Rs. 202.55 crores in Q2FY26
- Operating EBITDA stood at Rs. 14.82 crores in Q2FY27 compared to Rs. 70.73 crores in Q2FY26
- PAT stood at Rs. 5.02 crores in Q2FY27 as compared to Rs. 46.34 crores in Q2FY26
- Module production stood at 148 MW in Q2FY27 as compared to 244 MW in Q2FY26
- Module sold stood at 98 MW in Q2FY27 as compared to 249 MW in Q2FY26
- The performance comes against the backdrop of an evolving regulatory landscape, geopolitical uncertainty, elevated raw material costs and lower capacity utilisation across the solar manufacturing industry, along with the Company's strategic transition of a major share of its volumes from tolling to owned manufacturing

Commenting on the results Mr. Jignesh Rathod, Director and Chief Executive Officer said:

"The solar manufacturing industry is undergoing an important phase of transformation, driven by evolving regulatory requirements, changing global supply-chain dynamics and India's increasing focus on domestic manufacturing. While the current operating environment presents near-term challenges, we remain focused on strengthening our manufacturing capabilities, improving operational efficiencies and positioning the business for long-term growth.

Our priority remains to navigate the current industry transition with operational discipline while building a more efficient and future-ready manufacturing platform that can contribute to India's clean energy ambitions.

The proposed amalgamation with Waaree Energies marks an important strategic milestone in this journey. We believe that closer integration with Waaree's manufacturing ecosystem can create meaningful operational synergies, enhance competitiveness and establish a stronger foundation for sustainable growth."

About Indosolar Limited

Indosolar Limited having capacity of 1.3 GW module manufacturing through its facility situated at Noida, is a subsidiary of Waaree Energies Limited, India's largest solar module manufacturer.
